Dear Gas Station Owner:

We would like to offer you FREE gas pumping services to your gas station at our cost. There is no cost to you at any time, our workers are happy to work for just tips.

They will perform such functions as:

- Pumping Gas
- Washing Car Windshields

Our goal and mission is to provide jobs for the young and old and for anyone having difficulty in finding work. At the same time, we partner and support local charities to help our local communities right here inside the United States.

We train and certify all our independent franchises so they are experts in safely pumping gas while wearing their reflective vests and have a courteous and amiable attitude towards your customers at all times. Our managers will be inspecting and overseeing their work and making sure your customers are getting the highest quality service.

To get started, please fill out the form below and either fax or email to us and we will begin setting up service for your gas stations. We will then provide you with an insurance certificate for your store and will tell you when we can get started.

Sincerely,

Christos Daskalakis

GAS STATION APPLICATION FOR FREE SERVICES

(Fax This Form To: 928-832-4018)

YES, I am interested in becoming a free member of 'Helping Hand - Tip Jobs' and having gas pumping services offered at my gas station at no cost to me, at any time. I understand and agree that I will never be charged for these services and that the 'Helping Hand - Tip Jobs' staff will always be professional and courteous to my customers and pump their gas whether they tip or not, or I have the right to terminate them on the spot and cancel this service. I also understand that I am not liable for anything related to or resulting from the working 'Helping Hand - Tip Jobs' staff, but is the responsibility and liability of the 'Helping Hand - Tip Jobs' organization. The 'Helping Hand - Tip Jobs' organization holds the gas station and owner and franchisor, fully hold harmless, and not liable for anything and at any time.
